Big Pharma Outraged Over Charles Stanley's Latest Business Venture - He Fires Back With This!

By Brit Hume | Fox News

(Fox News) - In an insightful 1-on-1 interview, one of the world’s most popular pastors reveals how he "wouldn't be here without CBD".

Gifted pastor and business genius Charles Stanley made headlines after revealing his new CBD line on Live TV last week. Pharmaceutical companies were outraged saying they will be filing a lawsuit against Stanley and his partners for violating their contract and undercutting their prices. Charles Stanley responded with this:

"When I started this whole thing back in 2015, it really was just a part time passion project and a way for me to give back. After being given so much, I figured there was no better time to make [Eagle Hemp CBD Gummies](#) available to everyone, as it can help thousands of people experience life pain-free and live much happier lives."

His product, [Eagle Hemp CBD Gummies](#), has been flying off the shelves within minutes and Charles says his number one struggle as CEO is being able to keep up with demand. His CBD wellness line is 90% cheaper and five times more effective than those being offered by Bayer and other “Big Pharma” companies. It is the solution for those who don’t want to spend the rest of their lives in pain or as diabetics.

Bayer and Purdue Pharma were furious after seeing a massive dip in their sales, calling for Charles Stanley to be indicted, saying: “We’re happy Charles found something to replace prescriptions, but his announcement was a direct breach of contract. His network should fire him immediately and he should formally apologize.”

Charles Stanley appeared on Live TV again the next day, not to apologize, but to offer viewers discount.

I had a friend (medical-practitioner) read through the studies, she was shocked at how legit they were. I purchased mine and couldn’t believe how fast I started seeing results.
