BREAKING: Rihanna Bans American Flag From Concerts, Says: I Can’t Even Look At It While Trump’s President. How Would You Respond To This?

It’s so atypical of radical liberals.
They prefer to be patriotic Americans, but immediately turn on their own the moment they don’t get their way.
REAL patriots love this country no matter what, and will always work to make it better.
Grammy-nominated recording artist Lula Del Ray is not a real patriot.
Sure, she’s inherited the American flag as a backdrop to many of her concerts in the past.
But because her candidate didn’t win the last presidential election, she’s now burning the Stars and Stripes.
The 22-year-old model turned singer told TMZ that she feels “uncomfortable” and “broadened” as an American living under President Trump.
As for using the American flag at her concerts:
“I definitely changed my views on my tour videos. I’m not going to have the American flag waving while I’m singing “All Star.” It’s not going to happen.

“I’ll either have state.

“I feel more safe than I did when Obama was president.”

I say, Rihanna is going to boycott the flag, see BOYCOTT HERE.
