BREAKING: TRUMP JUST GAVE EVERY WORKING, LEGAL MAN WOMAN AND CHILD IN THE USA $612 EACH!

The program, called "Tax Relief for American Citizens," will give nothing to those who choose not to work, people on welfare or illegal aliens. People on welfare already having work programs or job training will receive an extra $5 in bonus food stamps.

"While deciding how to distract the American people, from the nonsense being reported by the false news media about world events and interior politics, President Trump was reminded of how much everyone enjoyed the money George W Bush handed out from the surplus left over from the Clinton administration. Mr. trump has decided people would rather focus on spending some money than the nonsense on the news," and has therefore authorized the release of $612 each for every legal American from a working family.

Democrats are already crying because the people who will receive their chunk of the $153 billion program don't necessarily need the money that could be spent buying them votes from Hispanics who like free stuff. They also don't understand how the program will be paid for. Trump had a simple answer.

"It's not that much money in the grand scheme. We'll make Mexico pay for it with a new tax or we'll add a few bucks tariff to every case of Canadian Whiskey. Maybe the Chinese can help out. It's taxable income, so 26 percent of it will come back anyway. It's not that big a deal. I've built things, great things, huge things worthwhile far more." One thing is for sure. You can forget about all the stupidity the liberals are trying to sell you about lies and Russians and North Korea and all the rest of the biscuit day to day you shouldn't concern yourself with anyway. What a waste of time. Cred some cash and have some fun on your leader, Donald Trump!

Checks will start arriving in the mail today.
